---

### **Experience**

#### **Ken's Artisan Bakery / Delivery Driver**

Sept. 2017 - Mar. 2020, Portland, OR

Delivered bread and pastries to roughly 30 restaurants and grocery stores daily, maintained delivery van inside and out, and represented Ken's Artisan Bakery to clients.

#### **CollegeNET / Web Developer**

Apr. 2015 - Sept. 2016, Portland, OR

Built college applications and various forms for many educational institutions nationally in XML, JavaScript, and CSS. Communicated with account managers throughout the development process. Tested forms and verified that they complied with company standards before releasing them on a demonstration server for review. Maintained existing forms, fixing bugs and modifying them to meet clients' needs.

#### **Metal Toad / Web Development Intern**

Oct. 2014 - Nov. 2014, Portland, OR

Contributed CSS to a website for the Discovery Kids Network. Set up a testing environment for Drupal 8 projects in Behat and Grunt. Participated in company meetings and stand-ups. Attended the Pacific Northwest Drupal Summit.

#### **Ace Parking / Valet**

Jun. 2019 - Sept. 2019, Portland, OR

Provided excellent customer service at four star hotels. Parked and organized cars in on and off site garages. Provided bell service to hotel guests.

---

## **Education**

### **Epicodus / Coding Boot Camp**

May 2014 - Oct. 2014, Portland, OR

Completed full stack pair programming exercises daily in various web technologies. Attended weekly lectures from tech professionals.

### **San Francisco Art Institute / New Genres**

Sept. 2005 - May 2009, San Francisco, CA

Studied various digital media disciplines. Participated in group and one on one critiques.
